EDMONTON, January 22nd, 1912.

To The Honourable

ARCHIBALD J. McLEAN, M.P.P.,

Provincial Secretary and Registrar of the Province of Alberta.

Edmonton, Alberta.

SIR,—I have the honour to submit the annual report of The Provincial Secretary's Department for the fiscal year ended December 31st, 1911, showing details of the various services rendered by the department during that period.

INCORPORATION OF COMPANIES.

The number of Certificates of Incorporation issued under The Companies Ordinance during the fiscal year, 1911, was 573 as compared with 300 in the last previous year. The total capitalization of new companies was \$72,455,100.00 as compared with \$31,474,625.00 in 1910. The capitalization of existing companies was increased by \$6,382,000.00, an increase of \$1,690,000.00 over the previous year.

The following table shows the number of companies incorporated under The Companies Ordinance since the inauguration of the province, September 1st, 1905.

YEAR	NO. OF COMPANIES INCORPOR- ATED	AGGREGATE CAPITALIZATION
1905-6—Sixteen months.....	161	\$18,552,000.00
1907.....	198	22,166,950.00
1908.....	137	11,917,950.00
1909.....	200	19,386,000.00
1910.....	300	31,474,625.00
1911.....	573	72,455,100.00
TOTAL.....	1,569	\$175,952,625.00

REGISTRATION OF COMPANIES.

Under The Foreign Companies Ordinance 92 Certificates of Registration were granted to Extra-provincial and Foreign Companies, having a total capitalization of \$111,748,000.00. These figures are an increase over the year 1910, the number of companies registering during that year being 85, with a total capitalization of \$78,922,000.00. A further increase in company registrations would have been shown but for the fact that a number of fire and life insurance companies were refused registration. As the province has no general insurance law and no provision is made for a deposit or other security being filed by foreign companies carrying on the

business of insurance, the department considered it best in the interests of the public good to restrict the registration of these companies to those holding licenses from the Federal Insurance Department.

The following table shows that an increase in company registration has occurred each year since the institution of the province:

YEAR	NO. OF COMPANIES REGISTERED	TOTAL CAPITALIZATION
1905-6—Sixteen months.....	60	\$52,405,000.00
1907.....	58	47,425,000.00
1908.....	43	31,312,000.00
1909.....	80	83,343,900.00
1910.....	85	78,922,000.00
1911.....	92	111,748,000.00
TOTAL.....	418	\$505,155,900.00

The number of Proclamations, Commissions, Certificates of Incorporation and Registration, and Licenses issued by the department were:

Proclamations.....	
Commissions—	
Justices of the Peace.....	125
Notaries Public.....	118
Commissioners within the province.....	768
Commissioners without the province.....	21
Coroners.....	10
Issuers of Marriage Licenses.....	43
Motor Vehicle Permits issued.....	
Auctioneer licenses issued.....	217
Pedler licenses issued.....	35
Marriage licenses issued.....	3,115
Certificates—	
Under The Companies Ordinance.....	573
Under The Foreign Companies Ordinance.....	92
Under The Dairy Ordinance.....	10
Under The Congregations Holding Act.....	19
Under Provincial Seal.....	117
To change names of companies.....	16
To increase capital of companies.....	31
To reduce capital of companies.....	1

REVENUE.

The revenue of the department for the past year was \$77,700.61, as compared with \$52,222.71 in 1910.

STATEMENT OF SOURCES OF REVENUE RECEIVED DURING 1911.

License Fees—	
Auctioneers.....	\$ 1,565.00
Marriage.....	6,230.00
Automobiles.....	3,524.00
Pedlers.....	875.00
Certificates under Provincial Seal.....	117.00
Companies Ordinance—	
Incorporation fees.....	33,833.00
Registration fees.....	1,767.00
Searches, extracts, etc.....	146.00

Foreign Companies Ordinance—	
License fees.....	26,645.82
Registration fees.....	2,040.00
Searches, extracts, etc.....	12.75
Incorporation fees under Chapter 22, 1907.....	10.50
Incorporation fees under Chapter 22, 1908.....	30.00
Registration fees under Chapter 4, Section 3, 1909.....	15.00
Miscellaneous searches, extracts, etc.....	109.20
Miscellaneous revenue collected re Lethbridge gaol.....	780.34
TOTAL.....	\$77,700.61

PUBLIC INSTITUTIONS.

The care and maintenance of prisoners and insane was placed under the jurisdiction of this department last year. The Provincial gaol at Lethbridge and the Hospital for the Insane at Ponoka were opened for the reception of inmates in July last. On July 23rd 165 patients were transferred by special train from Brandon to the provincial institution at Ponoka. Work was commenced on the farm at the Ponoka institution, which will be a medium of affording occupation for a large class of patients who will be benefitted by regular work in open air and be a means of economy in using the help provided in producing most of the requirements of the institution in vegetables, farm and dairy products.

A start was also made on the gaol farm at Lethbridge. Over 160 acres had been cleared and during the present year it is hoped that most of this will be cultivated. Farm work is most eagerly sought after by the inmates and is most beneficial to them morally and physically. "Back to the land" appears to be the most successful treatment for the ills of society's delinquents.

The men confined in the gaol wear the ordinary blue duck overalls and smocks instead of "prison stripes."

I would recommend the opening of a night school at the institution where such subjects as reading, writing, spelling, correspondence, arithmetic, geography and the correction of common errors in English might be taught. Current events might also be discussed briefly near the close of each session. This would create subjects for conversation or discussion, crowding out undesirable topics. The educational features of penal institutions in other parts of the country have been remarkably successful.

In the State Prison at Charlestown, Mass., where over eight hundred prisoners are confined, it is on record that not in one instance has a prisoner, illiterate at the time of his incarceration but taught the rudiments of education during his confinement, ever returned to the prison after his discharge. Night schools are established in the Reformatory at Mansfield, Ohio, the State Prison, Elmira, in New York State, the Central Prison, Toronto, and other institutions and great success has been achieved. Ignorance is not the least of the causes of crimes, and the removal of this handicap, as may be noted in the case of the Charlestown State Prison, in many cases opens the door to better opportunities, and incidentally to improved conduct on the part of the unfortunates.

The reports of the warden and medical superintendent of the respective institutions will be found attached hereto.

The usual appendices accompany this report.

I have the honour to be, Sir,

Your obedient servant,

E. TROWBRIDGE,

Deputy Provincial Secretary.

APPENDICES

APPENDIX A.

PROVINCIAL PROCLAMATIONS

Proclamation of His Honour George Hedley Vicars Bulyea, bringing into force subsection 11 of section 23 of the Act to amend the Statute Law, being chapter 2 of the Statutes of Alberta, 1910.—March 22nd, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, incorporating the Town of Bassano.—January 23rd, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, incorporating the Town of Hardisty.—March 11th, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, incorporating the Town of Carmangay.—March 22nd, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, incorporating the Town of Morinville.—April 21st, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, extending the boundaries of the Town of Red Deer.—May 27th, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, incorporating the Town of Strathmore.—July 21st, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, incorporating the Town of Brooks.—September 31st, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, incorporating the Town of Blairmore.—October 6th, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, incorporating the Town of Athabasca Landing.—October 16th, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, bringing into force section 18 of chapter 20, Statutes of Alberta, 1908.—October 16th, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, summoning the Legislative Assembly of the Province of Alberta for the despatch of business.—November 7th, 1911.

Proclamation of His Honour George Hedley Vicars Bulyea, incorporating the Town of Edson.—November 3rd, 1911.

APPENDIX B.

IMPERIAL AND FEDERAL PROCLAMATIONS RECEIVED THROUGH THE SECRETARY OF STATE.

Proclamation of His Excellency the Governor General, proclaiming October 30th, 1911, as a day of general thanksgiving.—September 26th, 1911.

Proclamation of His Majesty the King, of neutrality in regard to the war between Italy and Turkey.—October 3rd, 1911.

Proclamation of His Excellency the Governor General, declaring the 22nd day of June, day fixed for the Coronation of His Majesty, as a public holiday.—May 22nd, 1911.

APPENDIX C.

LIST OF COMPANIES INCORPORATED UNDER THE COMPANIES ORDINANCE OF THE NORTH-WEST TERRITORIES OF 1901, AND RECORDED IN THE DEPARTMENT OF THE PROVINCIAL SECRETARY UP TO DECEMBER 31ST, 1911.

THE HOSPITAL FOR THE INSANE,
Ponoka, January 12th, 1912.

To E. TROWBRIDGE,
Deputy Provincial Secretary,
Edmonton, Alberta.

The Provincial Hospital for the Insane at Ponoka was opened for patients on July 4th, 1911. Sixteen new cases were admitted from Alberta during that month and on the 24th 164 were transferred from Brandon, viz.: 108 males and 56 females. During August eight cases were admitted, September five cases, October five cases, November 14 cases, and December four cases. This makes a total of 52 admissions and 164 transfers since July 4th. 29 of the admissions came from north of Ponoka, 23 from south, and one local. Ten patients have died and 14 have been discharged, 13 as recovered and one deported to the States, who was much improved and would ultimately recover. The number remaining in at the end of the year is 134 males and 58 females.

Of the ten patients who have died five were very debilitated and bed-ridden when transferred from Brandon. The death rate seems large, but some of the cases were in a weak and collapsed condition when they arrived here. The death rate would be smaller, and the recovery list larger, if there were less delay from the onset of the illness to the time of their arrival here. Pending the report to the Attorney General, many cases are detained in the barracks where the accommodation for proper care and treatment is insufficient. Mild cases are detained upon showing signs of recovery, which otherwise would have been sent to the hospital and ultimately discharged as recovered.

The patients who came from Brandon were practically all chronic and incurable, the recoverable cases having been culled from them for a period of years and all cases that could possibly be discharged having been sent home before the others came here, leaving a residue, 90 per cent. of which will never recover. Given recoverable material we ought to get good results from the fine situation and pure air combined with the structural arrangements for comfort and modern appliances for treatment. The hydrotherapy department is in daily use and I feel gratified at the beneficial effects it produces for the patients' comfort and well-being.

Divine service is held every Sunday which is much appreciated by the patients. It is undenominational, and each clergyman in Ponoka kindly volunteered his assistance. The Ponoka brass band have been good enough to give us a few concerts and others have contributed voluntarily, but I should like to suggest that we be allowed a grant of money annually to be spent on entertainments for the patients. This is an important factor in an institution for the treatment of mental cases. Many cases which are excited or depressed, dull or apathetic, first exhibit quietude and interest, or are aroused from lethargy under the influence of the strains of sweet music. We have not inaugurated any outside sports, except football which even the female patients got considerable amusement from, but hope to do so next summer.

We have not at present a mortuary which is urgently needed. I would suggest a post mortem and pathological room attached to it, where each body could be examined and the cause of death verified, thereby creating an interest in the work, and where in time pathological research work could be done.

A good start was made on the farm this year, 130 acres having been broken by steam plow, 50 acres of which were sown with oats. It was late in being put in but a considerably large amount of green feed was secured. The land that was ploughed has all been worked and is in good condition for seeding in the spring so that next year we should be able to provide enough food for the stock. We had five acres of potatoes which turned out an average crop and will supply the inmates well through the winter. The season was well advanced before the garden was put in order, and many of the plants were destroyed by the cut-worm, still we shall have enough carrots to last us over the winter and the total value of the product was estimated at \$400.00. We are having the garden, the soil of which is rather impoverished, heavily manured and hope to get good results next season. The farm labour has furnished healthy exercise for the patients at the same time reducing the cost of production to a minimum. We have 20 men employed daily on the farm, eight in the kitchen, four in the laundry, three in the boilerhouse, and 40 ward workers. One patient has done all the shoe repairing for the patients, another man is a very useful carpenter. Some of the women are usefully employed sewing and mending, three in the laundry, two in the kitchen, and twelve assist in ward work.

Our herd of milch cows, twenty-two in number, are the common grade sort as we had to get what we could conveniently obtain. They keep us plentifully supplied with milk, and in time the breed will be improved.

The building which is in course of construction at present will be a useful addition. By the time it is finished next spring we shall be requiring it, as the male side can now only accommodate, in the basement, about one dozen more. The building will be very convenient and will be for the more chronic cases. It will be economical as regards staff, requiring a minimum number of attendants for a maximum number of patients.

Your obedient servant,

T. DAWSON,

Medical Superintendent.

TABLE NO. 1.

Showing the number of Admissions, Discharges, and Deaths during 1911.

MONTHS	ADMISSIONS			DISCHARGES			DEATHS		
	Male	Female	Total	Male	Female	Total	Male	Female	Total

THE PROVINCIAL GAOL,
Lethbridge, Alberta, January 12th, 1912.

TO E. TROWBRIDGE,
Deputy Provincial Secretary,
Edmonton, Alberta.

SIR,—I have the honour to submit for your consideration, this my first report in connection with this institution up to December 31st, 1911.

We received our first consignment of prisoners (thirteen in number) on July 7th last, and the number has steadily increased until we reached our maximum of one hundred and thirty-eight prisoners on December 21st last.

Perhaps you will be interested in knowing some of the work we have accomplished during the past six months.

We began plowing on the farm about the middle of June, and have about one hundred and sixty acres in excellent condition for crop next year.

You will note that we began our farming operations too late this spring to get any crop this year, but we hope to cultivate a large acreage of hoe crop next season; thereby affording plenty of outdoor labour for our men, which I consider an absolute necessity for their physical welfare and incidentally providing us with all the roots and vegetables required.

Three cottages have been built for the use of officials. The basement excavations, concrete and brick work has all been done by our prisoners, superintended by a foreman brick-layer. The sewer, water and steam connections to these cottages have all been done by the prisoners.

A house for the warden is now under way, and in connection with it, prison labour has excavated the basement, and the water and sewer ditches and connected the pipes for same. This sewer ditch is roughly 930 feet, and the water pipe 550 feet long.

We have built a large modern barn under supervision of a foreman carpenter.

We laid two lines of three-inch pipe from the dry earth bed, for the ultimate disposal of our sewage, one going in a southerly and the other in an easterly direction, to reach the highest points on our farm, being respectively about 320 yards and 265 yards; these pipes are laid at an average depth of six feet, six inches.

The main road running east and west in front of our property, has been continued through the lake. This required a lot of labour as it is 200 yards long and 27 feet wide through the lake, and we have rip-rapped it on the lake side.

Much useful work of a minor nature has been accomplished as building a commodious root-house for storing our vegetables, re-painting old farm house at main entrance, hauling hay and oats for fodder, and sand and gravel for new buildings, hauling manure from the city as farm fertilizer.

We have put concrete paint on all the floors throughout the gaol buildings; torn down some old buildings and cleaned up the grounds in general. I have prepared some classified tables as follows, which I trust may prove interesting and instructive to your department.

Your obedient servant,

J. H. RIVERS,

Warden.

CRIMES AGAINST THE PERSON.

Assault, Common.....	8
" Causing, bodily harm.....	6

I may say that we have done away entirely with the use of striped clothing in this institution, and are endeavouring to conduct the institution in harmony with the most advanced ideas of prison reform.

It was my privilege to attend the annual meeting of the American Prison Association in Omaha last October, and learned much that was useful to me in the conduct of this institution.

It was not only in the papers read, but in the discussions and coming in personal contact with the most live and experienced men in prison work today that helped me most, and I am very grateful to your department for making it possible for me to gain the best help possible in this line.

Before closing permit me to thank you most sincerely for your kind forbearance to me, and all the officials here, and for your untiring energy and devotion to the best interests of this institution.

I have the honour to be, Sir,

Your obedient servant,

J. H. RIVERS,

Warden.
